

# **FOR IMMEDIATE RELEASE**

**Per Executive Order No. 2020-21**

**In the spirit of cooperation and compliance with this directive, your local County Register of Deeds Office is working to help mitigate any disruption to daily work flow. The role of the Register of Deeds Office is essential to financial and insurance services and is a key component of the economy enabling the continuity of real property transactions. The Michigan Association of Registers of Deeds, Inc. is working closely with the Michigan Land Title Association, Michigan Bankers, and Michigan Realtors to provide necessary information pertinent to the Title and Real Estate Industry in assisting these organizations with current work status protocol in each County. Please know that the work status will vary in each County; verify hours of operation through the MARD website of: [www.mardmi.org](http://www.mardmi.org) and MLTA website. In working together we will overcome this obstacle.**

**Stewart Sanders**

**Newaygo County Register of Deeds**
